## 8. MANAGEMENT DISCUSSION AND ANALYSIS:

Synthetic Resins manufactured by the Company are primarily used in the adhesives, industrial coatings, construction chemicals & printing inks industries.

The upward and fluctuating trend in prices of raw materials and solvents witnessed during the Financial Year 2011-12 continued during the Financial Year 2012-13 as well. Operating margins continued to be under pressure due to lower margin in the business with large customers and increase in volume mainly driven by lower margin products. However, our revenue growth of 12.46% during the year as well as right sourcing and operating efficiencies helped us in arresting the decline in profits.

The Board considers the performance of the Company as reasonable in the conditions prevailing during the Financial Year 2012-13.

Rising raw materials prices on account of rupee volatility will put further pressure on margins during the Financial Year 2013-14.

Industrial relations during the year were cordial. The current wage settlement with Taloja unionized workmen valid upto February 2014 will come up for renewal during the Financial Year 2013-14.

The Company has good internal control systems, the adequacy of which has been reported by the Auditors in their report.

The number of employees stood at 90 as on 31st March, 2013.

## 9. PERSONNEL:

There were no employees who are in receipt of remuneration in excess of the limits specified under Section 217(2A) of the Companies Act, 1956.
